A 100% employee-owned firm, SRF has nearly 400 employees including engineers, planners, and designers.

The depth and breadth of our experience allows us to take on a wide variety of projects, regardless of complexity. Our organizational structure demonstrates our commitment to professional development, the mentor-mentee relationship within our teams, and the impeccable quality of our work—all translating into long-standing client relationships and a stellar reputation within the industry.

Delivered with integrity and passion, SRF's comprehensive services include:

- Civil, structural, water resources, traffic, and electrical engineering
- Transportation, transit, environmental, community, and land use planning
- Environmental consulting
- GIS and other data mapping
- Visualization and graphic design
- Intelligent transportation systems/connected automated vehicles
- Stakeholder and public engagement
- Landscape architecture and urban design
- Real estate: acquisition, relocation, and appraisal
- Project controls: scheduling and cost estimating
- Site development
- Surveying
- Construction administration and observation
